CLASP calculations are based on:

U.S. Department of Health and Human Services, Administration for Children and Families, CCDF Expenditure Data, <http://www.acf.hhs.gov/programs/ccb/research/> (Table 11), and TANF Financial Data, <http://www.acf.hhs.gov/programs/ofs/data/> (Tables A, B, and C).

See also CLASP analysis of national child care spending, [Child Care Assistance in 2005: State Cuts Continue](#). For a set of worksheets on FY 2005 TANF and MOE spending by states, see [http://www.clasp.org/publications/state\\_moe\\_fy05.htm](http://www.clasp.org/publications/state_moe_fy05.htm).

For a breakdown of state child care expenditures in previous years, please contact Hannah Matthews at [hmatthews@clasp.org](mailto:hmatthews@clasp.org).

<sup>1</sup>To calculate total child care spending in a federal fiscal year, we sum state and federal CCDBG funds (including liquidated TANF transfers to CCDBG and CCDBG funds appropriated in prior years but liquidated in the given year); TANF funds spent directly on child care; and additional state TANF MOE. For further explanation of these categories, see [Notes on CLASP Calculations](#). Analysis of state fiscal year expenditures may differ from this analysis.

<sup>2</sup>State TANF MOE spent on child care included in the sum of total child care spending excludes funds that may have been counted towards CCDBG MOE.

<sup>3</sup>This is the total amount transferred to CCDBG in 2004 or 2005, regardless of whether it was liquidated in that year. TANF transfers that were liquidated in 2004 or 2005 are included above as CCDBG discretionary spending.

<sup>4</sup>This is the total amount of state TANF MOE spent on child care and includes funds that may also have been counted towards CCDBG MOE.

Participation data on children who received assistance through TANF spent directly on child care are not available. Percentages may not add up to 100 due to rounding.
