For a breakdown of state child care expenditures in previous years, please contact Hannah Matthews at hmatthews@clasp.org.

¹To calculate total child care spending in a federal fiscal year, we sum state and federal CCDBG funds (including liquidated TANF transfers to CCDBG and CCDBG funds appropriated in prior years but liquidated in the given year); TANF funds spent directly on child care; and additional state TANF MOE. For further explanation of these categories, see [Notes on CLASP Calculations](#). Analysis of state fiscal year expenditures may differ from this analysis.

²State TANF MOE spent on child care included in the sum of total child care spending excludes funds that may have been counted towards CCDBG MOE.

³This is the total amount transferred to CCDBG in 2004 or 2005, regardless of whether it was liquidated in that year. TANF transfers that were liquidated in 2004 or 2005 are included above as CCDBG discretionary spending.

⁴This is the total amount of state TANF MOE spent on child care and includes funds that may also have been counted towards CCDBG MOE.
