(in millions of dollars)

CLASP calculations are based on:

U.S. Department of Health and Human Services, Administration for Children and Families, *CCDF Expenditure Data* (Spending from All Appropriation Years), <http://www.acf.hhs.gov/programs/ccb/data/> and *TANF Financial Data*, <http://www.acf.hhs.gov/programs/ofs/data/> (Tables A, B, and C).

See also CLASP analysis of national child care spending, *Child Care Assistance in 2006*, <http://www.clasp.org/publications/childcareassistance2006.pdf>.

For a set of worksheets on FY 2006 TANF and MOE spending by states, see http://www.clasp.org/publications/state_moe_fy06.htm.

¹To calculate total child care spending in a federal fiscal year, we sum state and federal CCDBG funds (including liquidated TANF transfers to CCDBG and CCDBG funds appropriated in prior years but liquidated in the given year); TANF funds spent directly on child care; and additional state TANF MOE. For further explanation of these categories, see http://www.clasp.org/publications/ccspending_notes.pdf. Analysis of state fiscal year expenditures may differ.

²State TANF MOE spent on child care included in the sum of total child care spending excludes funds that may have been counted towards CCDBG MOE.

³This is the total amount transferred to CCDBG in 2005 or 2006 regardless of whether it was liquidated in that year. TANF transfers that were liquidated in 2005 or 2006 are included above as CCDBG discretionary spending.

⁴This is the total amount of state TANF MOE spent on child care and includes funds that may also have been counted towards CCDBG MOE.

In 2006, CCDBG mandatory funding was increased by \$200 million. States were required to obligate, or legally commit, their share of these funds in 2006 but have until 2007 to spend them.
