Child Care Spending in Federal Fiscal Years 2001-2010

Iowa Child Care Spending, FY 2001-2010 (in millions of dollars)

CLASP calculations are based on:

U.S. Department of Health and Human Services, Administration for Children and Families, *CCDF Expenditure Data* (Spending from All Appropriation Years), http://www.acf.hhs.gov/programs/ccb/data/ and *TANF Financial Data*, http://www.acf.hhs.gov/programs/ofs/data/ (Tables A, B, and C).

See also CLASP analysis of national child care spending, Child Care Assistance in 2010 at www.clasp.org.

¹To calculate total child care spending in a federal fiscal year, we sum state and federal CCDBG funds (including liquidated TANF transfers to CCDBG and CCDBG funds appropriated in prior years but liquidated in the given year); TANF funds spent directly on child care; and additional state TANF MOE. For further explanation of these categories, see http://www.clasp.org/publications/ccspending_notes.pdf. Analysis of state fiscal year expenditures may differ. ²State TANF MOE spent on child care included in the sum of total child care spending excludes funds that may have been counted towards CCDBG MOE. ³This is the total amount transferred to CCDBG in 2009 or 2010 regardless of whether it was liquidated in that year. TANF transfers that were liquidated in 2009 or 2010 are included above as CCDBG discretionary spending.

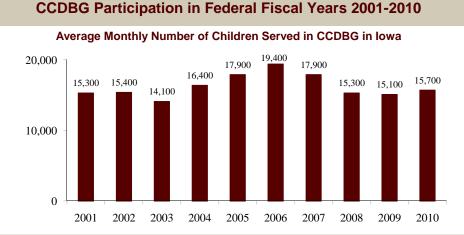

⁴This is the total amount of state TANF MOE spent on child care and includes funds that may also have been counted towards CCDBG MOE. ⁵Ages of Children Served in CCDBG percentages may vary due to rounding

The following data are based on children who received child care assistance funded by the Child Care and Development Block Grant (CCDBG). Participation data on children who received assistance through other sources of funding, including the Temporary Assistance for Needy Families (TANF) block grant, are not available.
