Early Head Start by the Numbers

2014 PIR Profile

This fact sheet specifically highlights Early Head Start data and is based on the 2013 Program Information Report (PIR) data, which all Head Start programs are required to complete on an annual basis.¹ For more information on the PIR and national Head Start or Early Head Start data, visit www.clasp.org.

Programs

Total number grantees/delegates²	247
Early Head Start grantees/delegates	61

Total number of slots	6,568
ACF funded slots ³	6,543
Non-ACF funded slots ⁴	25
MIECHV funded slots ⁵	0

Participants served by program option		
	NY	U.S.
Center-based	44%	49%
Home-based	45%	46%
Family child care	3%	2%
Combination	7%	2%
Locally designed	2%	1%

Operating schedule for center-based programs⁶

Participants

Total actual enrollment⁷	8,959
Total children enrolled	7,864
Total pregnant women enrolled	1,095

Primary language spoken in the home ⁸		
Language	NY	U.S.
English	57%	73%
Spanish	25%	22%
European and Slavic Languages	11%	1%
East Asian Languages	3%	1%
All other languages	5%	3%

Race and Ethnicity⁹	NY	U.S.
White	41%	46%
Hispanic (any race)	34%	35%
Black or African American	19%	25%
Bi-Racial or Multi-Racial	14%	10%
Unspecified	11%	4%
Other	9%	9%
Asian	3%	2%
American Indian or Alaskan Native	2%	5%
Native Hawaiian or other Pacific Islander	<1%	<1%

Medical Screenings¹⁰	
Percent of enrolled children who received medical screenings	88%
Of children screened, percent requiring follow-up treatment	12%
Of children requiring further treatment, percent receiving follow-up treatment	98%

Disability Services	
Percent of enrolled children diagnosed as having a disability (has an IFSP)	13%
Of children with a disability, percent diagnosed during this program year	43%
Of children with a disability, percent diagnosed prior to this program year	57%

Access to Medical Services for Children¹¹

Pregnant Women Services	NY	U.S.
Prenatal health care	97%	94%
Access to health insurance	97%	93%
Prenatal education on fetal development	97%	91%
Information on benefits of breastfeeding	97%	91%
Postpartum health care	86%	74%
Substance abuse prevention	64%	58%
Received dental exam or treatment	47%	39%
Mental health interventions	31%	29%
Substance abuse treatment	7%	10%

Families

Total Number of Families 7,534

	NY	U.S.
Single-parent families	45%	58%
Two-parent families	55%	42%
Families with at least one employed parent	68%	61%
Families with at least one parent in school/job training	16%	21%
Families receiving TANF	19%	17%
Families receiving WIC	75%	75%

Head Start Family Services

Percent of families who accessed at least one service	87%
Percent of families who received ¹²	
Parenting education	73%
Health education	65%
Emergency/crisis intervention services	21%
Mental health services	15%
Housing assistance	14%
Adult education	14%
Job training	10%
ESL services	5%

Staff

Total number of staff	2,846
Percent of staff who are current or former Head Start parents	18%

Total number of teachers	744
Percent who left the program during the year	15%
Average teacher salary ¹³	\$26,531
Total number of home visitors	315
Average home visitor salary ¹³	\$26,761

Teacher Education Level¹⁴

New York

Race and Ethnicity of Child Development Staff¹⁵	NY	U.S.
White	53%	51%
Hispanic (any race)	31%	27%
Black or African American	15%	26%
Other	11%	9%
Bi-Racial or Multi-Racial	9%	4%
Unspecified	8%	3%
Asian	3%	2%
American Indian or Alaskan Native	1%	4%
Native Hawaiian or other Pacific Islander	0%	1%

Language Ability of Staff	
Child development staff who are proficient in a language other than English	46%

Endnotes

¹ Data includes all Head Start programs in the state, including Head Start preschool, Early Head Start, Migrant and Seasonal Head Start, and American Indian and Alaskan Native programs. This particular profile highlights only Early Head Start, which can be operated by several types of entities including American Indian and Alaskan Native tribes.

² Each grantee and delegate agency must submit a separate PIR report annually. Further, programs operating Head Start and Early Head Start services must submit separate reports for the Head Start program and the Early Head Start program. Therefore, for the purposes of these PIR profiles, each Head Start, Early Head Start, and delegate agency is counted separately in the total number of grantees/delegates.

³ Includes slots funded by the U.S. Department of Health and Human Services, Administration for Children and Families.

⁴ Includes slots funded by sources other than ACF (i.e., states, non-profits, private sector, school districts) that also report PIR data to the Office of Head Start. States may fund additional slots that may not be part of the federal reporting and PIR data collection process.

⁵ MIECHV stands for the Maternal, Infant, and Early Childhood Home Visiting Program. MIECHV is a federal and state partnership that supports family- and child-related, voluntary home visiting programs in every state.

⁶ The PIR defines “full-day” programs as those operating at least six hours per day and “part-day” programs as those operating less than six hours per day. Percentages may not add to 100 due to rounding.

⁷ The PIR collects data on all children and pregnant women enrolled, including those who do not complete the program year. Since some participants drop out and are replaced, the number of total actual participants exceeds the number of Head Start slots.

⁸ Head Start collects data on various language groups. In 2012, across the United States, the PIR reported that the primary language spoken in the home for 70 percent of all Head Start participants was English and for 25 percent of all Head Start participants was Spanish. One percent or less of all participants were reported in each of the following primary language categories: Middle Eastern/South Asian languages, East Asian languages; European/Slavic languages; Native Central American, South American, and Mexican languages; Caribbean languages; Native North American/Alaskan Native languages; Pacific Island languages; and African languages. The primary language spoken in the home could also be reported as “other” or “unspecified,” and across the U.S., less than 1 percent of Head Start participants were reported in each of these categories. Percentages may not add to 100 due to rounding.

⁹ Percentages do not add up to 100 because persons of Hispanic ethnicity may be of any race. In 2005, race categories on the PIR were changed. The “Hispanic” category, previously included as a race category, was moved to a separate question that asks for the number of children and pregnant women who are of Hispanic origin, regardless of racial background. Head Start participants whose race is “unspecified” may reflect these changes in race and ethnicity categories.

¹⁰ The PIR includes all children who were enrolled in Head Start at any point during the program year, including those who dropped out within 45 days of enrollment, the time frame during which Head Start programs are required to provide medical and dental screenings.

¹¹ “Up-to-date on immunizations” includes those children who are not on the schedule recommended for their age group but who have been brought up to date to the extent possible given the late start on their immunization schedule.

¹² Please note that families may be counted in more than one category if more than one type of service was received.

¹³ This average includes all programs in the state, including part-day programs, programs that operate for short time periods (i.e. Migrant and Seasonal Programs), and 4-days/week programs. Therefore, the range of teacher salaries may vary greatly throughout the state.

¹⁴ Percentages may not add up to 100 due to rounding.

¹⁵ See endnote 8. Child development staff includes teachers, assistant teachers, home visitors, and family child care providers.
