Target Populations

YHDP Goals - Permanent Connections and Social & Emotional Well Being:

- 1) Youth are equipped with the necessary supports for **healthy transitions** to a stable and thriving adulthood
- 2) No youth is discharged from any public system into homelessness
- 3) All youth and young adults have **immediate access** to somatic and behavioral health resources
- 4) All youth are **healthy, strong, stable, safe, connected and thriving**

Target Population: 5-6,000 youth who are homeless or at risk of homelessness with unmet behavioral health needs

Systems of Care Goals:

- 1) **Enact local policies** that mandate youth-guided input, service integration and coordination, cultural and linguistic competence, and linkage to health care reform to improve accessibility and availability of services for TAY
- 2) A 200% **increase in the number of child and adolescent behavioral providers** practicing in the County
- 3) **Enhanced capacity** of behavioral, health, education and social service providers to address the needs of TAY in a comprehensive, culturally and linguistically competent manner
- 4) A 100% increase over baseline in the **involvement of TAY** in the development and design of services that target them
- 5) A 20% increase over baseline in the **number of TAY** that receive developmentally appropriate behavioral health and wraparound services

Target population: 1111 TAY with a behavioral health diagnosis who are homeless, with an end goal of serving 725 unique youth over four years

CLASP Goals:

- 1) **Align eligibility criteria and definitions** across the child and adult systems to reduce gaps and cliffs for young people currently accessing services
- 2) **Deliver training and technical assistance** to local behavioral health, education, and social service providers to enhance county-wider capacity to address TAY needs in a culturally/linguistically competent, and developmentally appropriate manner
- 3) Develop and begin to implement a cross sector, system wide **youth engagement strategy** focused on system capacity to address social determinants of health.

Target Population: 10-12,000 youth with unmet behavioral health needs
